ICORE video archive journal, vol 3, number 1 (June 2023). Next video archive journal update: expected Nov 2023.

Focus: The GMI Program's History, Alumni List, Participations in ICORE's Complex Systems Initiatives:

- Consolidated history of the Media Convergence, Games and Media Integration Program (McGMI or the GMI Program) including celebrating 15th year of McGMI's degree program is [here](#)
- Media convergence is all about complex systems and McGMI's XR and Complexity Group is supporting several UCCS-ICORE initiatives with an interdisciplinary team – read more [here](#)
- UCCS-ICORE has released the following youTube selected videos from two symposiums organized by IASP in 2021, 2022 supporting UCCS-Honors Program's Summer School of Complex Systems:
  https://www.youtube.com/watch?v=fjo0-maKR84&t=16s
  https://www.youtube.com/watch?v=kFsIuX9yhUo&t=55s
  https://www.youtube.com/watch?v=80rOnARfxxg&t=27s
  https://www.youtube.com/watch?v=uhnFb7nptsg&t=2138s
- The McGMI program's 117 students Alumni List with their names is [here](#) – GMI students have recent best paper awards at WSCG2021 conference and ACM SigGraph short paper recently.
- Highly interdisciplinary GMI Lab is supporting an UCCS- IRB study VR-empathy. The VR empathy platform was developed the McGMI program's student Ron Jackson and Abhishek Chepe on unity3D. The McGMI program students also mentor UCCS-Honors Program students.
